

The Beyond by Aerus Sanctuary with ActivePure Technology Works to Eliminate the Competition!

AFTER PERFORMING A COMPARATIVE PRODUCT ANALYSIS, WE HAVE DISCOVERED:

1. ActivePure® Technology reduces the amount of ozone that exists in the air
2. No other product features technology that works faster or more efficiently than the Beyond by Aerus Sanctuary
3. Beyond by Aerus features 24/7 protection when the Sanctuary is paired with the G4 Whole Home Filtration unit
4. Beyond by Aerus features the only NASA Certified Space Technology™ in its class
5. Millions of satisfied customers
6. Our technology is designed, engineered, and produced in the United States
7. Beyond by Aerus is the only company that utilizes ActivePure® Certified Space Technology™ to protect against airborne and surface contaminants
8. Beyond by Aerus has been improving indoor living conditions for over 90 years
9. ActivePure® Technology is effective against MRSA, Staph, Strep, E-Coli, Listeria, Swine Flu, Bird Flu, Hepatitis A, Norovirus, Bacillus, Pseudomonas and more
10. Proven effective in the International Space Station, Pentagon, Liberty Bell, Ground Zero Museum, Major League Baseball facilities, hospitals, schools, homes and international hotel brands

Reduction of Surface Contaminants

ActivePure® (RCI) Technology 24 hour testings conducted by Kansas State University
