

VISOTOUCH

PROGRAMMABLE TOUCH SCREEN DISPLAYS

VISOTOUCH programmable touch screen display features a wide 4.3" and ensures a high performing hardware and full compatibility with **IC100/200 evo**, **iPro** and **IPM500D**. The elegant design, the compact and solid structure and the possibility of panel or wall mounting, make it extremely versatile and suitable for residential environments or as a machine terminal. Available in horizontal and vertical versions, with or without built-in probes, it is particularly appreciated for its high degree of connectivity, for its touch technology and for its bright display.

VISOTOUCH was created to make Dixell controllers with LAN port even more complete, simple and intuitive.

- Built-in probe for temperature and humidity control
- Frontal red LED (alarms) and green LED (ON status)
- High connectivity degree via LAN, RS485 (with ModBUS protocol) and USB port
- Graphic display TFT
- High programmability thanks to the VISOPROG software
- Versatility in mounting (panel or wall) and in the format (horizontal or vertical)
- Maximum distance from the controller: 100m
- Possibility to connect an additional external temperature probe

PROGRAMMING TOOL

Thanks to the VISOPROG software developed by Dixell, it is possible to create simple and intuitive user interfaces based on customer's needs. Icons and colored texts give to the screen a more modern and appealing look, making the access to information even more clear and immediate.

HIGH CUSTOMIZATION POSSIBILITIES

The graphic TFT color display stands out thanks to its great brightness and provides real-time information in a clear and detailed way. Thanks to its many features available, you can quickly create user interfaces dedicated to specific customer's needs.

DIMENSIONS & CUT-OUT

PROGRAMMABLE TOUCH SCREEN DISPLAY

VTIC10	TFT touch screen display for IC100 evo controllers
VTIC20	TFT touch screen display for IC200 evo controllers
VTIPC	TFT touch screen display for iProCHILL controllers
VTIPG	TFT touch screen display for iProLINK, iProAHU and iPro DRY-COOLER controllers
VTIPM	TFT touch screen display for IPM500D controllers

FEATURES	VTIC10	VTIC20	VTIPC	VTIPG	VTIPM
Power supply	12, 24Vac/dc
